

Yukon tools and resources for older persons

TOOLS

Will

- Sets out who you want your money, property and belongings to go to after your death.
- You can make this with or without a lawyer.

Bank Power of Attorney (POA)

- A form prepared at your bank that allows you to authorize a specific person to deal with your money at that particular bank.
- Only covers transactions at that bank.
- Can be changed by you at any time.

Enduring Power of Attorney (EPA)

- Sets out who you want to make financial decisions for you in the event you become incapable of doing so yourself.
- Must be prepared by a lawyer. This is a safeguard to protect you from being coerced into signing an EPA.

Advance Directive

- Allows you to set out your wishes for future health care.
- Allows you to appoint a “proxy” to make health care decisions for you in the event you become incapable of doing so yourself.
- An Advance Directive won’t come into effect until your health care provider determines you are not capable of making your own health care decisions.

Supported Decision-Making Agreement

- A written document that names a specific person — an “associate” — to help you in your decision-making.
- Agreement lists types of decisions you want the associate to help you with and also lists any kinds of decisions you do not want help with.

Representative Agreement

- A written agreement that authorizes a “representative(s)” to make limited day-to-day financial or personal decisions on your behalf.
- You must list the decisions you want made for you in the agreement.

Adult Protection Order (APO)

- Court-ordered conditions designed to reduce your risk of abuse or neglect — an example would be an APO that prohibits an abuser from residing at your home.

Access Order

- An order made by a judge that allows an Adult Protection Social Worker entry into a home to inquire into a report of abuse or neglect.
- This order is used in cases where entry has been denied or there are reasonable grounds to believe that entry will be denied.

Adult Guardianship

- A last resort.
- An application can be made to the Yukon Supreme Court to appoint a guardian for you if it is determined you are no longer able to manage affairs in areas of your life, such as financial, personal-care, legal or health decisions.
- An incapability assessment must accompany the application.
- The court will review your potential guardian's suitability.
