

MEDICAL EDUCATION BURSARY POLICY

Purpose and Rationale

The Yukon medical education bursary is intended to support people who live or have lived in Yukon to attend medical school in the pursuit of a Family Medicine residency program. Canadian studies have indicated that it is people from rural and remote areas who are most likely to return to practice in those areas. On the basis of these studies, it is anticipated that some of the people who receive the Yukon medical education bursary support will return to provide medical service to Yukon residents.

Policy

The Yukon medical education bursary will be made available to up to 4 new students per year.

\$5,000/year for up to 4 years of medical school

\$7,500/year for up to 2 years during medical residency, Family Medicine only.

Terms of Bursary

Once a person qualifies to receive the bursary, they may continue receiving it for a maximum of 4 years of medical school and 2 years of residency for a total of 6 years, provided that the student maintains academic achievement standards required by the program.

A person who has been selected to receive the bursary and who subsequently takes leave from medical school or Family Medicine residency will be permitted to continue receiving the bursary provided that the person continues to meet eligibility criteria and academic achievement standards. The bursary will not be paid during a period of leave of absence from school or residency.

Applications for part-time studies will be considered on a case-by-case basis. The amount of the bursary would be prorated according to the number of courses being taken in relation to a full-time course load.

Bursary Committee

A bursary committee shall be formed for the purpose of selecting suitable candidates for receiving the bursary. The bursary committee shall also make decisions with respect to administration of the bursary for any matters not covered in the policy.

The bursary committee shall be comprised of representative from Health Services & the Family Physician Working Group.

The committee shall choose a Chair from among their members.

Secretariat support will be provided from within Health and Social Services. The Secretariat provides administrative support but does not participate in committee decision-making.

Decisions

The Bursary Committee will make their decisions by no later than September 30. Successful applicants will be notified in writing.

Successful applicants will be asked to provide their Social Insurance Number The Department of Finance requires that you provide your Social Insurance Number (SIN) so that they will be able to issue payment and T4A slips for this bursary. This information is being collected under the authority of the (Federal) Income Tax Act and will be used solely for the issuing of T4A slips.

Applicants who are denied funding in one year may reapply in any subsequent year, and will be subject to the same eligibility/selection criteria.

A priority list will be compiled from the unsuccessful candidates who meet the bursary program requirements. In the event that a successful candidate decides not to accept, or becomes ineligible for the bursary, the next candidate will be given the opportunity to receive the bursary. This priority list will be valid for the current academic year. Decisions by the Bursary Committee are final. **There is no appeal process.**

Method of payment

Payment will be made directly to the student.

Once approved for a full- or part-time bursary, a medical student or Family Medicine Resident will be paid in full at the beginning of the academic year.

To receive payment for the second and subsequent years of study, a bursary recipient must submit confirmation that they are in good standing in their program and confirmation that they are continuing in the next sequential year of the program. We can accept transcripts from their program as indication of their good standing and a letter or record of registration or fee payment for the academic year as confirmation that they are continuing in the next year of their program. In all cases, it is fine to send or email copies of original documents. If they have completed their program or withdrawn from it, written notice must be provided.

Repayment

Bursary recipients who fail to achieve the required academic standard and/ or those who choose not to return for portions of the school year may be required to repay the amount of the bursary provided to them.
