

Purpose and Rationale:

The Yukon Nursing Education Bursary is intended to support people who live or have lived in the Yukon to attend basic baccalaureate nursing education.

Canadian studies have indicated that it is people from rural and remote areas that are most likely to return to practice in those areas. On the basis of these studies, it is anticipated that people who receive the Yukon Nursing Education Bursary support are likely to return to provide nursing service in the Yukon.

Policy:

The Yukon nursing education bursary is available to a maximum of 4 new students per year.

The maximum amount available will be \$5,000/year to a maximum of \$20,000 for baccalaureate nursing education.

Eligibility Criteria:

Applicants are required to provide the following information in order to be eligible to receive the bursary:

- Proof of Canadian citizenship or landed immigrant status maintained throughout the period of the bursary.
- Proof of current or previous residency in the Yukon of at least 3 consecutive years within the last 5 years
- Copy of letter of acceptance into an approved Canadian baccalaureate nursing education program. This can be conditional pending final acceptance.

Selection:

From those applicants who are eligible to receive the bursary, a maximum of four new students each year will be approved according to the ability to meet one or more of the following selection criteria:

- Demonstrated interest and/or commitment in health care services as indicated through personal, employment, education and volunteer history (references with contact information are required.)
- Demonstrated interest in working in nursing in Yukon on completion of nursing education
- Yukon First Nation citizen

Definitions:

A full-time student is one who carries a full course load for the program in which s/he is enrolled, according to the criteria established by his / her educational institution.

A part-time student is one who carries less than a full course load for the program in which s/he is enrolled. A part-time student may be one who is taking correspondence or extension courses while continuing to live and work in the Yukon or may be one who is attending an institution outside the Yukon on a part-time basis.

A candidate must be a Canadian citizen or landed immigrant.

Terms of Bursary

Once a person qualifies to receive the bursary, s/he may continue receiving it for a maximum of 4 years of nursing education or, if part-time, to a maximum of \$20,000, provided that the student maintains academic achievement standards required by the program.

A person who has been selected to receive the bursary and who subsequently interrupts academic studies will be permitted to continue receiving the bursary upon reenrollment provided that the person continues to meet eligibility criteria and academic achievement standards.

Students taking nursing education on a part-time basis are eligible to apply for the bursary.

The amount of the bursary will be prorated according to the number of courses being taken in relation to a full-time course load or the number of credits being taken in relation to credits for full-time students. It is the responsibility of the part-time student to provide the information on course load and credits in relation to a full-time course load. The guide for payment of bursary shall be an amount of \$500 per course per semester.

Students who are awarded a full-time bursary and reduce their course load to part-time during a term will continue to receive the full-time bursary amount for that term. They will be required to indicate their intentions for the subsequent term and to provide supporting evidence. The bursary amount they receive in subsequent terms shall be adjusted according to their course load.

Method of payment

Payment will be made directly to the student.

Once approved for a full- or part-time bursary, a student will be paid in full at the beginning of the academic year.

To receive payment for the second and subsequent years of study, a bursary recipient must submit proof of successful completion of the previous year of study and proof of enrollment in the next sequential year of study.
